A rare opportunity to own this totally private 6.50 acre property on the Swimming River...yet convenient to everything in Central Monmouth County. This unique site was carefully chosen by the owners in 2000 as the perfect spot for their sprawling, 7000 sf, Frank Lloyd Wright style home. With well over \$2,000,000 in construction costs, a masterpiece of thoughtful design was created with the most careful attention to every detail. This casually elegant home blends seamlessly into its natural surroundings, with floor to ceiling windows framing the exterior landscape across an endless backdrop of tranquil riverfront. First time visitors acknowledge the inspiring, yet peaceful energy of this magnificent home and property. Every luxurious amenity found in homes priced considerably higher was crafted into 10 Bowie Place. An open floor plan provides the most living space on a single level to accentuate privacy and versatile living arrangements; however the soaring, volume ceilings create the feeling of a multi-story mansion. An opulent, yet very practical kitchen is the centerpiece, which flows into large family, living and dining areas. A private, Master Loft graces the west wing, with a separate living area that is perfect for servant's quarters or guest use. Two additional bedrooms, each with separate baths are off the center corridor. A professionally equipped, home theater is also conveniently located on this level, with easy access to the kitchen and dining areas.
